SURVEY TO ASCERTAIN ACCESSIBILITY TO ZERO RATED SITES FOR THE UNIVERSITY COMMUNITY FOR REMOTE TEACHING AND LEARNING ACTIVITIES.

Dear Students,

The COVID-19 related lock-down measures that have been gazetted may have resulted in some students not being able to access the University of Fort Hare zero-rated URL's as captured in the table below.

It is imperative that students can gain access to the sites to continue remotely with their studies. It is also important that home circumstances allow remote study.

You are requested to complete the short survey on the URL below to assist the Universities' management to assess the connectivity and home circumstance issues that may influence your ability to participate fruitfully in remote teaching and learning activities.
